Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Gladys Amparo Uribe Zauner

Dear Public Service Commission,

I would pay A LITTLE MORE for cleaner energy. Ya'll've got the power.
Partner, support local, fundraise with the people, do you what you can to use it in a positive way.

I'd support that.

Thanks,

Sincerely,

Emma Bennett
